

Wheeled Coach Custom Series

SRV

Key Features

Corner-Cap Lights

360-degree lighting coverage. Also available with optional strobe or LED package.

AVW Grille Assembly

Patented design maximizes air flow for cooling systems and protects your speakers and warning lights.

Seamless Doors

Seamless, pan-formed doors with large user-friendly Max-Grip handles are now standard on all Wheeled Coach modular ambulances.

Printed Circuit Board

With LED self-diagnostics. Eliminates more than 300 wire crimps and connections to minimize failure areas. Lifetime electrical warranty standard.

Customized Compartments.

Detailed diamond plate interior compartment finish.
